A couple of years ago I found a link to a guy that was hand-building an
all aluminum F-16 cockpit. Can someone point me to that project?

tnx.

Nope. I was chatting with a gent about "extreme" cockpit builds I'd seen
and I remembered this project.

Hello,

I need help, my Thrustmaster MFD Cougar suddenly have lost its function,
some keys like 1,2,5,6,7, works but of different commands 1 brake release,
2, views, 5 flaps down, 6 flaps up, 7 kneeboard. Using it on FS9, and even
if run FS9 configuration, generic, light, or aviation still the same.

Anybody knows how to remedy this?

Thanks,

Delor
